If you want to know more about the special housing needs of disabled people and how they can be met — or if you have information about housing for the disabled which you want to share — the CANADIAN HOUSING INFORMATION CENTRE (CHIC) would like to help.

In addition to the selected* bibliography on housing for the disabled listed on the following pages, CHIC can also give you access to all the principal data banks related to housing. CHIC will send you, on request, copies or microfiches of research reports, journal articles, and other materials. Books, special collections of documents and other more substantial material may be examined at the Centre at CMHC's national office in Ottawa.

CHIC receives about 9,000 requests a year from researchers, students, business people and others for information obtainable from municipal records, international agencies, periodicals, research reports, public speeches, conference proceedings and many other sources. In 1980 the Centre's resources grew through the acquisition of some 7,000 additional books, periodicals and other documents.

If you have information about housing as it concerns disabled people, and you would like to make it available to others who may be able to use it, CHIC would be glad to act as custodian of your material and to see that it is readily accessible.

Si vous désirez vous renseigner davantage sur les besoins particuliers en logements des personnes handicapées et la façon de satisfaire à ces besoins — ou si vous possédez des renseignements sur le logement pour les personnes handicapées et que vous désiriez les partager avec d'autres — le Centre canadien de documentation sur l'habitation (CCDH) est à votre disposition.

En plus du choix d'ouvrages* sur les logements pour les handicapés qui est annexée à ce message, le CCDH peut vous faciliter l'accès à toutes les principales banques de données se rapportant à l'habitation. Le Centre peut vous fournir sur demande des copies ou microfiches de rapports de recherche, d'articles de journaux et d'autres documents. Des livres, des collections spéciales de documents et autre matériel plus volumineux peuvent être examinés au Centre même, au Bureau national de la SCHL à Ottawa.

Le CCDH reçoit environ 9 000 demandes par année provenant de chercheurs, d'étudiants, d'hommes d'affaires et autres personnes désireuses d'obtenir des renseignements qui sont disponibles dans les registres municipaux, auprès des organismes internationaux, dans les périodiques, les rapports de recherche, les discours, des comptes rendus de conférences et de nombreuses autres sources. En 1980, les ressources du Centre ont été accrues par l'acquisition d'environ 7 000 volumes, périodiques et autres documents.

Si vous possédez des renseignements sur le logement pour les handicapés et que vous désiriez en faire profiter d'autres personnes, le Centre se fera un plaisir d'en assurer la garde et de veiller à ce que d'autres puissent y avoir accès.
